

Supporting you, your learning and your practice

Attending a Local Learning Event hosted by your RCN branch is a great way to enhance your professional knowledge and skills in bite-size chunks of learning.

The events are an opportunity to:

- Learn about and discuss prominent topics in nursing and health care
- Network with fellow nurses, health care assistants and nursing students in your area
- Support NMC revalidation or your learning portfolio with a certificate of attendance

Where shown, some events are immediately followed by a short reflective practice session which also helps you to meet revalidation requirements.

The events are free to RCN members and are also open to non-members at a cost of £25, but if they apply to join the RCN at the event there is no charge for attending.

So if you have colleagues who aren't RCN members, why not invite them along?

RCNi

RCNi Learning is an interactive, online learning resource designed to enhance your skills and help you meet personal CPD requirements for revalidation. It consists of 150 RCN accredited learning modules covering 43 topics. There's also an app that lets you learn on the go, even without access to the internet. For further information, please visit rcnlearning.com

January – June 2017

"As an HCA you can learn so much to improve your practice at an LLE. It's also fantastic to meet other HCAs and RCN activists to discuss issues that are important to our professional group."

Phil White, HCA, RCN UK Health Practitioner Committee

Want to be active in the RCN?

As an RCN member, did you know you can be one of our accredited representatives or help lead your RCN branch?

Our representatives receive time off from their regular work without losing any pay to support and represent fellow RCN members in their workplace.

And our branch officers help organise the RCN's activities in your area. They are a vital link between the College and our grass roots members.

Each of the roles offers you an opportunity to develop yourself and your career. To find out more, talk to one of the branch officers at a Local Learning Event or call RCN Direct on 0345 772 6100.

Stay in touch

Find out more about Local Learning Events and other RCN events by visiting:

www.rcn.org.uk/westmidlands

To make sure you receive an email reminder of each event in your area a few weeks before it takes place, check that your membership details and email preferences are up to date by visiting:

NMC revalidation

Local Learning Events can count towards your CPD and revalidation.

Revalidation is a process established by the Nursing and Midwifery Council that all registered nurses and midwives have to complete every three years to renew their registration.

The requirements of revalidation include a minimum of 450 hours practice and 35 hours CPD over three years, at least five pieces of practice-related feedback and at least five written reflections on feedback, CPD or the NMC Code.

“Local Learning Events are a fantastic way to support nurses to meet the new NMC revalidation standards.”

*Paul Vaughan,
Regional Director,
RCN West Midlands*
